Get Cooking!

We hope you have enjoyed delivering the Get Cooking course. Your views are important to use. Please spare a moment to complete and fax back this feedback questionnaire.

1. What were your first impressions of the Get Cooking! materials- the trainer's guide and recipe cards?

2. What were your experiences of running the Get Cooking! course with your group?

3. Was attendance maintained across the 6 sessions?
If no, were there any particular reasons that you were aware of?

4. Are there any aspects of the course you would change or any suggestions for how the course may be improved?

Thank you for taking the time to complete this questionnaire.
